

The Next Step: Creating the Library of the Future

College and University Section and the Information Technology & Access Roundtable of the Nebraska Library Association 2011 Spring Meeting – May 20 Union College, Lincoln, Nebraska

Building on the theme of last year's C&U conference, "The Library of 2morr.0," we are seeking presentations which address the challenges both small and large academic libraries face when implementing new and emerging technologies, providing ideas for practical solutions to these challenges.

Suggested topics include training, technical support, strategic planning, budget planning, time management, and organizational structure. Presentations should answer questions like How do I gain campus / administrative support? How do I prevent burn out when there is too much to learn too quickly?, or Where do I start when a small campus lacks sufficient technical expertise?

Proposals are for 5-10 minute "lightning round" presentations which may or may not be accompanied by slides.

Deadline for Submissions: March 31, 2011

Submit your proposals as a WORD document using the format provided below in an e-mail attachment to:

Karin Dalziel
karin@nirak.net

If you would like to talk by phone, please email Karin with your number and she will be happy to talk with you.

Guidelines for Submissions:

- Title
- Presentation Type: 5 or 10 minute "lightning round" talks about a technology or service.
- Presenter name(s)
- Job Title
- Institution
- Phone
- Email
- Equipment needs
- Brief description
